

Wine Cork Trivet Kit

The time has come to empty that drawer full of wine corks that you have been saving! With this kit you will create a beautiful trivet to place on the counter or hang on the wall.

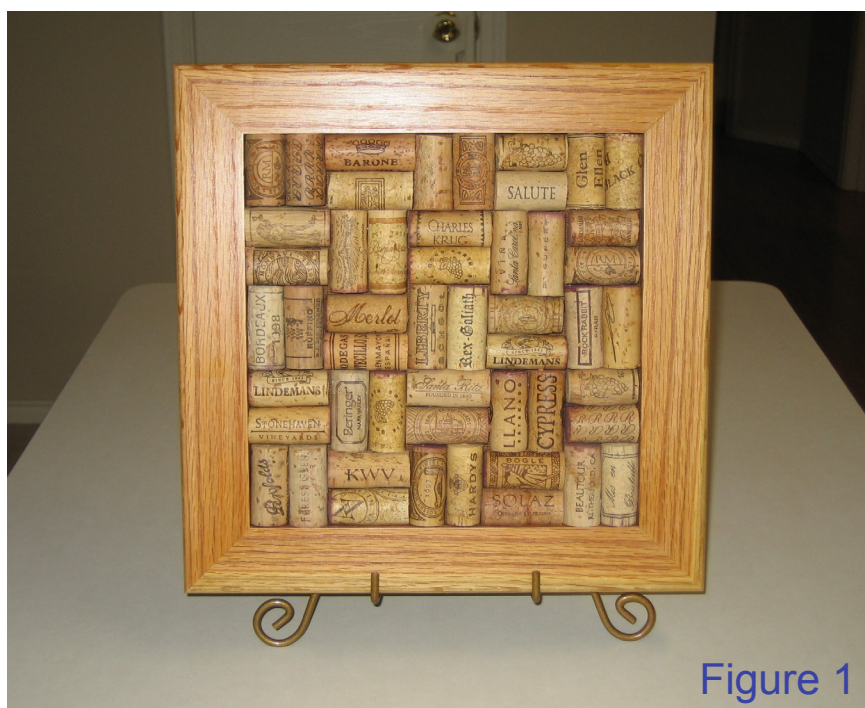

Figure 1

Items Required

- 50 wine corks
- Hot glue, rubber cement, or other glue
- Sharp knife

- Start by roughly arranging your corks in the frame as shown in Figure 1.
- Corks come in many different lengths. It is helpful if you place corks of similar length in pairs.
- Trim your corks as necessary to get all of them to fit tightly. The full size template in Figure 2 can help you.
- Once you have all of your corks in the frame, remove one pair at a time and glue them into place.
